Kimie Lochtefeld, Principal

Audubon School

In April, 2007, the district Board of Education approved the transformation of Audubon from a K–5 school to a K–8 school! Grade 6 will be added in 2007–08, Grade 7 in 2008–09, and Grade 8 in 2009–10.

What Is a School Accountability Report Card (SARC)?

Since November 1988, state law has required all public schools to prepare and distribute a SARC. The purpose of the report card is to provide parents and the community with important information about a school. A SARC can be an effective way for a school to report its progress in achieving goals. The public may also use a SARC to evaluate and compare schools on a variety of indicators.

Most of the data in this SARC are from the 2005–06 school year or the two preceding years (2003–04 and 2004–05). Graduation, dropout, and fiscal data are from 2004–05. Single-year column headings in tables refer to the ending school year for that particular period. When no year is specified, data are from the most recent year available.

Data included in this SARC (available at the California Department of Education Web site at www.cde.ca.gov/ta/ac/sa/definitions06.asp) are consistent with State Board of Education guidelines.

Additional copies of this SARC may be obtained from the school office or from the district's SARC Web site at studata.sandi.net/research/sarcs/.

School Description and Mission Statement

Audubon Elementary is located in the Lomita Village area of San Diego. The neighborhood is composed of older, single-family houses. The school enrollment and ethnic distribution have remained stable over the last 10 years. Of the 517 students enrolled in the 2005–06 school year, approximately 25 percent received some instruction in Spanish and were in biliteracy classrooms at their parents' request. Approximately 82 percent of our students qualify for free or reduced-price lunches. Nearly 75 percent of the students who started school in September were still attending at the end of the school year.

Audubon Elementary's mission is academic excellence for all students. We teach the foundations for future learning and growth. Test scores are only one reflection of student progress toward becoming literate, thinking persons. Our staff continues to enhance the curriculum to make learning more meaningful. Teachers use a balanced literacy approach, integrated with state-adopted texts, to ensure all students meet or exceed grade-level expectations in all core academic areas.

Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children's education. The district has adopted *Parent Communications and Involvement Standards*, which clearly describe expectations for parent communications and involvement at the district, school, classroom, and home levels. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students.

Parents have many opportunities to be involved at their children's school site (for example, governance committees, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, Parent University, and special events). We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment.

Audubon's parents volunteer as tutors and chaperones at school events. They serve on various committees, including the Site Governance Team (SGT) and the English Learner Advisory Committee (ELAC). We have provided a series of opportunities to involve parents at the school. The school organized family lunches, family movie night, family Spring Fling, and parent education workshops.

Audubon has partnerships with McDonald's, the Navy Criminal Investigation Division, the Ray and Joan Kroc Community Center, Junior Achievement, and San Diego Children's Choir. They help with our campus beautification program, homework assistance, extracurricular activities, music lessons, and economics instruction.

If you want to get involved, please contact Cynthia Verduzco at (619) 469-6139.

ABOUT THIS SCHOOL

Student Enrollment by Grade Level

Grade Level	Enrollment on September 30, 2005
Kindergarten	67
1	87
2	98
3	83
4	101
5	88
TOTAL	524

Student Enrollment by Group

Racial/Ethnic Subgroup	Number of Students	Percentage of Enrollment
African American	100	19.1
Asian	0	0.0
Filipino	37	7.1
Hispanic	354	67.6
Indochinese	2	0.4
Native American	1	0.2
Pacific Islander	10	1.9

Students with Disabilities	52	9.9

* As of May 2006

Average Class Size and Class Size Distribution

This table displays the average class size for each grade level and the number of classrooms that fall into each class size category.

Grade Level	2004			2005			2006		
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size
		1-20	21-32	33+		1-20	21-32	33+	
K	16	5	1		21	3	1		18
1	20	4			20	4			19
2	20	4			19	5			19
3	19	4			19	5			18
4					26		2		28
5					24		2		27
K-3	20	3			20	1			19
4-8	25		8		26		2		28

Participation in the Class Size Reduction Program

California's Class Size Reduction program, which began in 1996, provides funding to participating school districts that decrease the size of K-3 classrooms to 20 or fewer students per certificated teacher. This table displays the percentage of students in Grades K-3 who were assigned to a classroom that participated in the Class Size Reduction program.

Grade Level	Percentage of Pupils Participating		
	2004	2005	2006
K	100	100	100
1	100	100	100
2	100	100	100
3	100	100	100

SCHOOL CLIMATE

School Safety Plan

Last Review/Update: December 7, 2005

Last Discussed with Staff: December 7, 2005

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294-35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, specific school-building security procedures are implemented by the school staff. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

Key elements included in our school's safety plan are specific roles and responsibilities of staff, key meeting places, and procedures.

School Discipline Practices

Our major efforts are in promoting positive behavior. We recognize each child's uniqueness and special contributions through good citizen assemblies, and "Smart Cookie" and "Caught You Being Good" incentives. Special education teachers, classroom teachers, the speech therapist, the nurse, administrators, the counselor, and the psychologist hold weekly consultation team meetings to share information about students' progress and to plan support services for students. Students requiring special assistance are discussed in depth, and intervention plans are developed.

Student academic success is recognized in classrooms through outstanding work bulletin boards and individual recognition programs. All students who have served the school in capacities such as safety patrol, cross-age buddies, and student council members are given awards at a special assembly.

Throughout the school year, a monthly newsletter is sent home. Parent volunteers and community members are honored and thanked with a special volunteer appreciation assembly and are given certificates of appreciation by the principal and staff.

Expectations for students' behavior are distributed to teachers and parents at the beginning of the school year in the Audubon handbook. An expectations assembly is also held for students at the opening of school, as well as different points throughout the year, as needed. We are building on our success by addressing and designing interventions for children experiencing problems.

Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school's enrollment for the given year, multiplied by 100. The district comparison rates are the expected rates for the school's enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

		2004		2005		2006	
		School	District	School	District	School	District
Suspensions	Number	25	12,174	18	14,103	43	14,418
	Rate per 100 students	4.47	2.69	3.01	2.87	8.21	3.21
Expulsions	Number	0	429	1	545	2	611
	Rate per 100 students	0.00	<0.05	0.17	0.08	0.38	0.05

Attendance

Percentage Actual Attendance indicates the total number of days students attended divided by the total number of days students were enrolled, multiplied by 100.

	2004	2005	2006
Percentage Actual Attendance	94.58	94.91	94.29

SCHOOL FACILITIES

School Facility Conditions and Improvements

Audubon opened in 1953. The main facility is a single-story building consisting of 20 permanent classrooms, including two kindergarten classrooms, and support facilities. There are 11 portable classrooms.

With the passage of Proposition MM, the \$1.51 billion bond measure that is funding modernization of 161 existing schools and construction of 12 new and 3 rebuilt schools throughout San Diego, Audubon's lunch court was extended and the new portion covered. The parking lot on the southwest portion of the playground was paved. All fencing, including backstops, has been replaced. All exterior walls have been painted. The dirt playground was recently graded. A new library building opened in spring 2004. The school has also received technology and electrical upgrades.

School Facility Good-Repair Status

This table displays the results of the most recently completed school-site inspection to determine the facility's good-repair status. The data are not comparable with previous years' summaries, which cited only "emergency needs."

Inspection Date: 11/2/2006

Item Inspected	In Good Repair?		Repair Needed and Action Taken or Planned
	Yes	No	
Gas leaks	✓		
Mechanical systems	✓		
Windows/doors/gates (interior and exterior)	✓		
Interior surfaces (walls, floors, and ceilings)	✓		
Hazardous materials (interior and exterior)	✓		
Structural damage	✓		
Fire safety	✓		
Electrical (interior and exterior)	✓		
Pest/vermin infestation	✓		
Drinking fountains (inside and out)	✓		
Restrooms	✓		
Sewer	✓		
Playground/school grounds	✓		
Other	✓		

TEACHERS

Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools.

Number of Teachers	School			District
	2004	2005	2006	2006
Full credential and teaching in subject area	29	29	27	5,351
Full credential but teaching outside subject area	1	0	1	516
Without full credential	1	0	2	625
Total	31	29	30	6,492

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the 20th school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2007, the most current data are reported.

	2005		2006		2007	
	Semester 1	Semester 2	Semester 1	Semester 2	Semester 1	Semester 2
Misassignments of Teachers of English Learners	0	0	0	0	0	N/A
Total Teacher Misassignments	0	0	0	0	0	N/A
Vacant Teacher Positions	0	0	0	0	0	N/A

Core Academic Courses Taught by No Child Left Behind (NCLB)-Compliant Teachers (2006)

The NCLB Act requires all teachers of core academic subjects to be "highly qualified" no later than the end of the 2005–06 school year. In general, NCLB requires that each teacher must have: (1) a bachelor's degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject to be taught by the teacher.

This table displays the percentage of classes in core academic subjects taught by NCLB-compliant and non-NCLB-compliant teachers at the school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the CDE Web site at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percentage of Classes in Core Academic Subjects	
	Taught by NCLB-Compliant Teachers	Taught by Non-NCLB-Compliant Teachers
This School	44.4	55.6
All Schools in District	82.0	18.0
High-Poverty Schools in District	79.0	21.0
Low-Poverty Schools in District	87.0	13.0

Substitute Teacher Availability

The district maintains a pool of almost 3,000 substitute teachers available for assignment when a classroom teacher is absent. The Human Resources Services Division aggressively recruits additional substitutes throughout the year to ensure that an adequate, qualified pool is available to cover for teacher illnesses, as well as for planned absences for professional development. Recruitment efforts include an online application process available at any time, as well as working closely with principals and teacher union representatives to develop and implement strategies for attracting and retaining quality substitute teachers.

We try to place substitute teachers according to their areas of expertise, although by state law credentialed teachers may substitute at any grade level and in any subject.

Teacher Evaluation Process

School site administrators (principals and vice principals) formally evaluate tenured teachers every two years based on guidelines set forth in the California Education Code and the teachers' contract. Temporary and probationary teachers are evaluated annually in a similar manner. Site administrators visit classrooms frequently to observe teachers' instructional practice.

Evaluation criteria for classroom teachers include:

- Progress of pupils toward established standards
- Instructional techniques and strategies
- Adherence to curricular objectives
- Establishment and maintenance of a suitable learning environment
- Performance of non-instructional duties and responsibilities, including supervisory and advisory duties

Evaluation results are shared with the teacher and are forwarded to the school's area superintendent for review. All evaluations are confidential and kept in the district's personnel file for that teacher.

Permanent teachers who have "unsatisfactory" in any of the first four areas of their evaluation and an overall evaluation of "less than effective" must participate in the district's Peer Assistance and Review (PAR) program. As program participants, they are assigned a consulting teacher who assists them with improving their teaching practice. The consulting and participating teachers meet regularly and discuss plans for assistance, which includes classroom observations, verbal and written feedback, in-the-moment coaching, demonstration of effective instructional strategies, and any other support as appropriate.

SUPPORT STAFF

Academic Counselors and Other Support Staff (2006)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to the School	Average Number of Students per Academic Counselor
Academic Counselor	0.6	873.33
Library Media Teacher (Librarian)	0.0	
Library Media Services Staff (paraprofessional)	0.0	
Psychologist	0.3	
Social Worker	0.0	
Nurse	0.0	
Speech/Language/Hearing Specialist	0.7	
Resource Specialist (Non-Teaching)	0.0	
Media Lab Prep Time Teacher	1.0	
Math Resource Teacher	1.0	
Literacy Resource Teacher	2.0	

CURRICULUM AND INSTRUCTIONAL MATERIALS

Quality, Currency, and Availability of Textbooks and Instructional Materials (2006)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percentage of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides sufficient, standards-aligned textbooks and/or other instructional materials for all students in the subject areas of reading/language arts, mathematics, science, history-social science, world languages, and health. The adopted textbooks for these subjects are listed in the following table. Science laboratory equipment is available to students enrolled in science laboratory courses in Grades 9–12.	0
Mathematics		0
Science		0
History–Social Science		0
World Language		0
Health		0
Science Laboratory Equipment (Grades 9-12)		0

List of Textbooks and Instructional Materials Used in Core Subject Areas (2006)

All textbooks and instructional materials come from state or district lists.

Subject Area	Grade Level	District Course (for secondary courses)	Instructional Material or Textbook	Adoption Year
English Language Arts	K–6		<i>A Legacy of Literacy</i> , Houghton Mifflin	2002–03
Health	K–3		<i>Primary Health Kits</i> , Wright Group/McGraw-Hill	1997–98
Mathematics	K–6		<i>Harcourt Math</i> , Harcourt School Publishers	2002–03
Science	K–5		<i>Harcourt Science</i> , Harcourt School Publishers	2000–01
History–Social Science	K–6		<i>Adventures in Time and Place</i> , Macmillan McGraw-Hill	1999–00
Health	4–6		<i>Health: Lessons in Character Kits</i> , Young People's Press	1997–98
Science	6		<i>Holt Science and Technology: Earth Science</i> (with <i>Foss Kits</i> 1995–96), Holt, Rinehart, and Winston	2003–04

Note: Adoptions prior to school year 1999–2000 are "pre-standards" (these textbooks and/or materials were adopted before content standards and standards-based materials were adopted by the State Board of Education).

SCHOOL FINANCES

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2004–05)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$5,247	\$1,442	\$3,805	\$46,690
District	—	—	\$5,273	\$53,948
Percentage Difference: School Site and District	—	—	-27.8	-13.5
State	—	—	\$4,743	\$57,560
Percentage Difference: School Site and State	—	—	-19.8	-18.9

Types of Services Funded

The district's general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Targeted Instructional Improvement Program—staff salaries, staff benefits, services, materials, and support for low-achieving students
- School-Based Coordinated Program—staff salaries, staff benefits, services, materials, and support for our lowest performing schools
- Gifted and Talented Education Program—specialized learning assistance for identified students of high ability, achievement, or potential
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

Teacher and Administrative Salaries (Fiscal Year 2004–05)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE Web site at www.cde.ca.gov/ds/fd/cs/ and www.cde.ca.gov/ta/ac/sa/salaries0405.asp.

	District Amount	Statewide Average for Districts in Same Category
Beginning Teacher Salary	\$34,517	\$37,540
Mid-Range Teacher Salary	\$52,449	\$59,426
Highest Teacher Salary	\$70,179	\$73,925
Average Principal Salary (Elementary School Level)	\$94,629	\$96,377
Average Principal Salary (Middle School Level)	\$96,936	\$100,144
Average Principal Salary (High School Level)	\$99,557	\$109,130
Superintendent Salary	\$199,500	\$185,251
Percentage of Budget for Teachers' Salaries	37.6%	40.9%
Percentage of Budget for Administrative Salaries	4.8%	5.3%

STUDENT PERFORMANCE

Standardized Testing and Reporting (STAR)

Through the California STAR Program, students in Grades 2–11 are tested annually in various subject areas. Currently, the STAR program includes California Standards Tests (CST) and a norm-referenced test (NRT). To protect student privacy, “—” is used in the following tables instead of the percentage when the number of students tested is 10 or less in that category. Data for migrant education services are not available.

California Standards Tests (CST)

The CST shows how well students are doing in relation to state content standards. The CST tests English language arts and mathematics (Grades 2–11), grade-level science (Grades 5, 8, and 10), end-of-course science (Grades 9, 10, and 11), and history–social science (Grades 8, 10, and 11). Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area. Students with significant cognitive disabilities who are unable to take the CST are tested using the California Alternate Performance Assessment (CAPA). Statewide data are rounded to the nearest percentage point. Detailed information regarding CST and CAPA results can be found at the CDE Web site at star.cde.ca.gov.

Percentage of students achieving the Proficient or Advanced levels (meeting or exceeding state standards):

CST – English Language Arts

Norm-Referenced Test (NRT)

Prior to 2005, the California Achievement Test, Sixth Edition (CAT/6), the norm-referenced test (NRT) currently adopted by the State Board of Education, tested reading, language arts, and mathematics in Grades 2–11, spelling in Grades 2–8, and science in Grades 9–11. Beginning in 2005, the NRT tests reading, language arts, mathematics, and spelling in Grades 3 and 7 only and no longer test science in any grade. Only reading and mathematics data are required to be reported in the SARC. Detailed information for language arts and spelling, as well as subgroup performance for all tests, can be found at the CDE Web site at star.cde.ca.gov.

The following tables show the percentage of students at each grade level scoring at or above the 50th percentile (the national average) on the reading and mathematics portions of the CAT/6:

NRT – Reading

Grade Level	School			District			State		
	2004	2005	2006	2004	2005	2006	2004	2005	2006
3	17.6	16.5	25.0	36.4	37.5	39.1	35	36	37

NRT – Mathematics

Grade Level	School			District			State		
	2004	2005	2006	2004	2005	2006	2004	2005	2006
3	34.1	36.4	47.4	56.8	58.1	58.9	53	54	55

2006 NRT Subgroups – Reading

Grade Level	Gender		English Learner?		Economically Disadvantaged?		Students with Disabilities?	
	Male	Female	Yes	No	Yes	No	Yes	No
3	18.9	30.8	10.3	40.5	21.9	41.7	—	28.4

2006 NRT Subgroups – Mathematics

Grade Level	Gender		English Learner?		Economically Disadvantaged?		Students with Disabilities?	
	Male	Female	Yes	No	Yes	No	Yes	No
3	40.5	53.8	41.0	54.1	40.6	83.3	—	52.2

2006 NRT Racial/Ethnic Groups – Reading

Grade Level	African American	Asian	Filipino	Hispanic	Indochinese	Native American	Pacific Islander	White (Not Hispanic)
3	25.0		—	21.4				—

2006 NRT Racial/Ethnic Groups – Mathematics

Grade Level	African American	Asian	Filipino	Hispanic	Indochinese	Native American	Pacific Islander	White (Not Hispanic)
3	25.0		—	50.0				—

Local Assessment Results

The Developmental Reading Assessment (DRA) is used to identify students in Grades K–3 who are reading below grade level and need support. It is administered during a one-on-one conference in which a student reads specially selected texts to the teacher. The DRA is administered three to four times a year to determine a student's instructional reading level and to document progress over time. Data reported are for all students—English language proficient and English learners. Since district standard cut points (i.e., the places where students score at different levels) have changed over time, last year's cut points are used across all reported years. As a result, data reported for earlier years below may not be consistent with data reported in previous SARCs or with data reported online using each year's cut points.

The Stanford Diagnostic Reading Test (SDRT) was used prior to the 2004–05 school year to identify students in Grades 4–10 who were reading below grade level and needed support and intervention. The SDRT was administered in a group setting and assessed vocabulary, comprehension, and scanning skills. For students reading significantly below grade level on the SDRT, the Analytical Reading Inventory (ARI) (Grades 4–8) and Informal Reading Inventory (IRI) (Grades 9–10) were used to reevaluate students and identify appropriate supports and interventions. Data reported are for English-speaking students.

The Degrees of Reading Power (DRP) test took the place of the SDRT starting in the 2004–05 school year. DRP tests are group-administered measures of how well students understand the surface meaning of what they read. They measure the process of reading rather than products of reading, such as main idea and author purpose. The tests are administered in the fall and spring to students in Grades 4–8.

The District Mathematics Test (DMT) is given to students in Grades 5 near the end of the school year. It assesses grade-level mathematics skills and is tied to state content standards. The results are used to identify students in need of additional mathematics support. The DMT score and the end-of-year mathematics grade determine the student's performance level and guide placement decisions in mathematics courses for the following year. Different tests are given to fifth and sixth graders.

To protect student privacy, “—” is used in the following table instead of the percentage when the number of students tested is 10 or less in that category. There is no district-mandated writing test.

Percentage of students meeting or exceeding district grade-level expectations:

Grade Level	Reading			Mathematics		
	2004	2005	2006	2004	2005	2006
K	72.8	73.2	86.8	<i>No district-mandated mathematics test for these grade levels</i>		
1	77.8	68.7	61.5			
2	83.7	70.8	65.0			
3	48.2	50.5	50.6			
4	54.5	60.7	33.3			
5	69.4	62.9	52.4	15.9	27.4	35.7

California Physical Fitness Test Results (2006)

The California Physical Fitness Test is administered to students in Grades 5, 7, and 9 only. This table displays by grade level the percentage of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found at the CDE Web site at www.cde.ca.gov/ta/tg/pf/.

Grade Level	Percentage of Students Meeting Fitness Standards
5	1.2

ACCOUNTABILITY

Academic Performance Index (API)

The API is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide API performance target of 800. Detailed information about the API can be found at the CDE Web site at www.cde.ca.gov/ta/ac/ap/.

API Ranks—Three-Year Comparison

This table displays the school’s statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched “similar schools.” A similar-schools rank of 1 means that the school’s academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school’s academic performance is in the highest 10 percent of the 100 similar schools.

API Rank	2004	2005	2006
Statewide	4	3	4
Similar Schools	5	5	5

API Changes by Student Group—Three-Year Comparison

This table displays by student group the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth). Note: a blank means that the student group is not numerically significant, “B” means the school did not have a valid 2005 API Base and will not have any growth or target information, and “C” means the school had significant demographic changes and will not have any growth or target information.

Group	Actual API Change			API Score
	2004	2005	2006	2006
All Students at the School	-10	38	-1	705
African American	-20	34	-9	675
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic	-12	41	0	693
Indochinese				
Pacific Islander				
White				
Socioeconomically Disadvantaged	-15	36	-2	685
English Learners	—	—	11	670
Students with Disabilities	—	—		

State Award and Intervention Programs

Although the California Education Code currently includes state intervention and awards programs, the programs were not funded for the period addressed by this report.

Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- At minimum of a 95 percent participation rate on the state's standards-based assessments in English language arts (ELA) and mathematics
- A certain percentage of students who scored proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator (i.e., the school must show growth of at least one point for 2005–06 or have a 2006 API Growth score of at least 590)
- Graduation rate (for secondary schools only, the school must have a 2006 graduation rate of at least 82.9, show improvement in the graduation rate from 2005 to 2006 of at least 0.1, OR show improvement in the average two-year graduation rate of at least 0.2)

Detailed information about AYP, including participation rates and percentage proficient results by student group, can be found at the CDE Web site at www.cde.ca.gov/ta/ac/ay/.

AYP Overall and by Criteria (2006)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate—English Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percentage Proficient—English Language Arts	Yes	Yes
Percentage Proficient—Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program

Schools receiving Title I funding enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at www.cde.ca.gov/ta/ac/ay/.

Indicator	School	District
Program Improvement Status	Not in PI	Not in PI
First Year of Program Improvement	N/A	—
Year in Program Improvement	N/A	—
Number of Schools Currently in Program Improvement	—	52
Percentage of Schools Currently in Program Improvement	—	27.4

SCHOOL COMPLETION AND POSTSECONDARY PREPARATION (SECONDARY SCHOOLS)

INSTRUCTIONAL PLANNING AND SCHEDULING

School Instruction and Leadership

Instruction and instructional leadership are at the heart of the district's achievement efforts. Area/assistant superintendents train, coach, support, and evaluate principals. They also provide professional development for principals in a variety of ways (for example, instructional conferences, study groups, and frequent school visits to provide coaching for individual principals). The principals, in turn, provide support to teachers at their sites through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations.

Audubon offers a balanced curriculum to a diverse student population. The curriculum we use is aligned with state standards, frameworks, and guidelines. Audubon's educational program includes six biliteracy classes in Grades K–5, which provide students with support in their primary language. Gifted and Talented Education (GATE) program students are offered enrichment classes.

Staff members work together to meet student needs in all areas of instruction. Homework is assigned to develop good study habits and self-discipline. Reading at home each night is strongly encouraged.

Professional Development

The district's five Area Superintendents, the Assistant Superintendent for High Schools, and the Executive Director, Office of Secondary School Innovation provide direction for the focus of professional development in the district. The Curriculum and Instruction Division supports this direction through ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history-social science, visual and performing arts, physical education, health, educational technology, and Gifted and Talented Education. Sites conduct large and small group staff conferences and provide job-embedded professional development at the school site to further improve instructional practice.

The Director of Leadership Development and the Executive Director of Teacher Preparation and Student Support coordinate additional professional growth opportunities for administrators and teachers who are along a continuum from aspiring and new to experienced.

Instructional Minutes (2006)

The California Education Code establishes a set number of instructional minutes per year for each grade level. The table below shows the number of instructional minutes offered compared to the state requirement.

Grade Level	Instructional Minutes	
	Offered	Required
K	58,260	36,000
1	55,560	50,400
2	55,560	50,400
3	55,560	50,400
4	55,560	54,000
5	55,560	54,000

Minimum Days in School Year

In 2005–06, Audubon Elementary had 42 minimum or shortened days for students. The extra time on those days was used for staff development, parent conferences, and teacher planning.
