### School Description and Mission Statement

Roosevelt International Middle School is an authorized International Baccalaureate Middle Years Program (IB MYP) school located at the northeast edge of Balboa Park. The school was built in 1922 and reconstructed in 1974 on the original site. There were some 970 students enrolled for 2007–08 school year. The student population is very diverse and comes from the many neighborhoods surrounding the school: downtown, Golden Hill, North Park, Hillcrest, and Mission Hills.

At Roosevelt, we understand the urgency to improve our students’ abilities in literacy and mathematics. We understand that we are all teachers of reading in our curriculum areas. The mission of Roosevelt is to develop a community of high-achieving, lifelong learners who collaborate with parents and staff members to create a better world through inquiry, intercultural understanding, and respect. We are committed to the following goals:

- Providing a safe, orderly environment for teaching and learning.
- Providing highly qualified teachers.
- Recognizing students’ academic success.
- Maintaining high citizenship standards and positive social interaction.

### Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children’s education. The district has adopted *Parent Communications and Involvement Standards*, which clearly describe expectations for parent communications and involvement at the district, school, classroom, and home levels. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students.

Parents have many opportunities to be involved at their children’s school site (for example, governance committees, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, Parent University, and special events). We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment.

Roosevelt hired full-time parent academic liaison (PAL) in the fall of 2006. The PAL is a credentialed teacher on special assignment entrusted with the important task of raising the level of family engagement. The PAL actively coordinates family engagement activities such as workshops, volunteer efforts, back-to-school night, and many others. Parents can stay informed by joining the Roosevelt parent e-mail list, which sends out weekly updates.

Roosevelt is proud to announce the creation of an official Parent-Teacher Organization (PTO). The Roosevelt IB PTO is a non-profit (registered 501(c)3) organization dedicated to supporting the Roosevelt Middle School community. All families are welcome to join the PTO!

If you want to get involved, please contact Marco Drapeau at (619) 293-4450, ext. 2220.

### What Is a School Accountability Report Card?

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC). The purpose of the report card is to provide parents and the community with important information about the performance and condition of each California public school. The SARC can also be an effective way for a school to report the progress it has made toward achieving its goals. In addition, the public may use the SARC to evaluate and compare schools throughout the state on a variety of indicators.

More information about SARC requirements is available on the SARC Web page:

[www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

Additional copies of this SARC may be obtained from the school office or from the district’s SARC Web site:

[studata.sandi.net/research/sarcs/](http://studata.sandi.net/research/sarcs/)

## DATA AND ACCESS

Most of the data in this SARC are from the 2007–08 school year or the two preceding years (2005–06 and 2006–07). Graduation, dropout, and fiscal data are from 2006–07. When no year is specified, data are from the most recent year available.

Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education Web site: [www.cde.ca.gov/ta/ac/sa/definitions08.asp](http://www.cde.ca.gov/ta/ac/sa/definitions08.asp).

### DataQuest

*DataQuest* is an online data tool (<http://dq.cde.ca.gov/dataquest/>) that contains additional information about this school and comparisons of the school to the district, the county, and the state. *DataQuest* is a dynamic system that provides reports for accountability, test results, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## SCHOOL CLIMATE

### School Safety Plan (2007–08)

Last Review/Update: January 2008

Last Discussed with Staff: February 2008

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294–35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

Roosevelt’s campus gates are open from 5:30 a.m. to 7:55 a.m. Once classes are in session all gates are closed. The campus gates reopen five minutes before school dismissal. All visitors to the Roosevelt campus must check in with the main office and receive a visitor’s pass. Persons under the age of 18 are not permitted on campus without a parent or guardian who has been cleared for campus entry by the office staff. In addition to the aforementioned security measures, we have a full-time campus police officer and two full-time campus security assistants who actively monitor and patrol the entire campus before school, throughout the school day, and after school. Also, teachers and school staff are scheduled at various stations before school and at dismissal time in order to ensure the safety of all students at these two critical times of the day.

### Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school’s enrollment for the given year, multiplied by 100. The district comparison rates are the expected rates for the school’s enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

Type of Action		2005–06		2006–07		2007–08	
		School	District	School	District	School	District
Suspensions	Number	387	14,420	306	14,738	436	12,803
	Rate per 100 students	38.74	23.35	31.68	24.98	44.90	23.48
Expulsions	Number	14	610	10	394	26	376
	Rate per 100 students	1.40	1.01	1.04	0.65	2.68	0.74

## SCHOOL FACILITIES

### School Facility Conditions and Improvements (2008–09)

Roosevelt’s grounds and facilities are well kept. The entire exterior of our school was painted in January 2007. A few years ago, with the assistance of Proposition MM, several of our buildings and classrooms were remodeled, rooms were painted, and new flooring and whiteboards were installed. In addition, items such as ceiling tiles, doors, window assemblies, asphalt and concrete paving, the irrigation system, fencing, carpeting, the heat/ventilation system, and the air-conditioning system were either repaired or replaced. An elevator has been added to the northeast corner of our 300 building, our library and counseling center have been remodeled, and two new computer labs and three new science classrooms were added. Ground was broken for a joint-use multipurpose sports field in the fall of 2008.

We have a building services supervisor and three full-time custodians to maintain cleanliness of the campus. Classrooms are cleaned every three days. Our landscaping is maintained by a district team every two to three weeks. Our staff and students strive to keep our campus clean and graffiti-free, and our custodial staff works to ensure that our campus promotes a positive learning environment.

## School Facility Good-Repair Status (2008–09)

This table displays the results of the most recently completed school-site inspection to determine the facility’s good-repair status. The data are not comparable with some previous years’ summaries, which cited only “emergency needs.”

## TEACHERS

### Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools.

Number of Teachers	School			District
	2005–06	2006–07	2007–08	2007–08
Full credential and teaching in subject area	46	59	61	6392

Without full credential	8	3	2	756
<b>Total</b>	<b>66</b>	<b>74</b>	<b>72</b>	<b>7325</b>

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2008, the most current data are reported.

	2006–07		2007–08		2008–09	
	Semester 1	Semester 2	Semester 1	Semester 2	Semester 1	Semester 2
Misassignments of Teachers of English Learners	0	0	0	0	0	N/A

Vacant Teacher Positions	0	1	2	0	0	N/A

### Core Academic Courses Taught by Teachers in Compliance with the No Child Left Behind Act (2007–08)

The No Child Left Behind (NCLB) Act required all teachers of core academic subjects to be “highly qualified” no later than the end of the 2007–08 school year. In general, NCLB requires that each teacher must have: (1) a bachelor’s degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject he or she will teach.

This table displays the percentage of classes in core academic subjects taught by NCLB-compliant and non-NCLB-compliant teachers at the school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the CDE Web site at [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/).

Location of Classes	Percentage of Classes in Core Academic Subjects	
	Taught by NCLB-Compliant Teachers	Taught by Non-NCLB-Compliant Teachers
This School	93.9	6.1
All Schools in District	97.6	2.4
High-Poverty Schools in District	96.8	3.2
Low-Poverty Schools in District	99.6	0.4

## SUPPORT STAFF

### Academic Counselors and Other Support Staff (2007–08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to the School	Average Number of Students per Academic Counselor
Academic Counselor	3.0	323.67
Library Media Teacher (Librarian)	1.0	
Library Media Services Staff (paraprofessional)	0.0	
Psychologist	1.0	
Social Worker	0.2	
Nurse	0.8	
Speech/Language/Hearing Specialist	1.0	
Resource Specialist (Non-Teaching)	0.0	
School Police Officer	1.0	

## CURRICULUM AND INSTRUCTIONAL MATERIALS

### Quality, Currency, and Availability of Textbooks and Instructional Materials (2008–09)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history–social studies, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in Grades 9–12. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Percentage of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
English Language Arts	0
Health	0
History–Social Studies	0
Mathematics	0
Science	0
Science Laboratory Equipment (Grades 9–12)	0
Visual and Performing Arts	0
World Language	0

### List of Textbooks and Instructional Materials Used in Core Subject Areas (2008–09)

All textbooks and instructional materials come from state or district lists. A list of all textbooks and instructional materials used in the school in the core subjects (English-language arts, mathematics, science, and history-social science), may be found at the end of this document in the appendix entitled Adopted Texts and Instructional Materials.

## SCHOOL FINANCES

### Expenditures per Pupil and School Site Teacher Salaries (Fiscal Year 2006–07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/) and [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/).

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$8,242	\$4,540	\$3,702	\$61,995
District	—	—	\$6,772	\$55,123
Percentage Difference: School Site and District	—	—	-45.3	-1.0
State	—	—	\$5,300	\$65,008
Percentage Difference: School Site and State	—	—	-30.1	-4.6

### Types of Services Funded (2007–08)

The district's general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Targeted Instructional Improvement Program—staff salaries, staff benefits, services, materials, and support for low-achieving students
- School-Based Coordinated Program—staff salaries, staff benefits, services, materials, and support for our lowest performing schools
- Gifted and Talented Education Program—specialized learning assistance for identified students of high ability, achievement, or potential
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

### Teacher and Administrative Salaries (Fiscal Year 2006–07)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE Web site at [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/).

	District Amount	Statewide Average for Districts in Same Category
Beginning Teacher Salary	\$37,790	\$40,721
Mid-Range Teacher Salary	\$57,422	\$65,190
Highest Teacher Salary	\$76,834	\$84,151
Average Principal Salary (Elementary School Level)	\$104,884	\$104,476
Average Principal Salary (Middle School Level)	\$106,912	\$108,527
Average Principal Salary (High School Level)	\$112,437	\$119,210
Superintendent Salary	\$273,706	\$210,769
Percentage of Budget for Teachers' Salaries	37.2%	39.9%
Percentage of Budget for Administrative Salaries	5.0%	5.5%

## STUDENT PERFORMANCE

### Standardized Testing and Reporting

Through the California Standardized Testing and Reporting (STAR) Program, students in Grades 2–11 are tested annually in various subject areas. In the 2007–08 school year, the STAR program included the California Standards Tests (CST) and a norm-referenced test. School districts are not required to report results of the norm-referenced test in this year's SARC.

To protect student privacy, “—” is used in the following tables instead of the percentage when the number of students tested is 10 or less in that category. Data for migrant education services are not available.

## California Standards Tests

The CST shows how well students are doing in relation to state content standards. The CST tests English language arts and mathematics (Grades 2–11), grade-level science (Grades 5, 8, and 10), end-of-course science (Grades 9, 10, and 11), and history–social science (Grades 8, 10, and 11). Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area. Students with significant cognitive disabilities who are unable to take the CST are tested using the California Alternate Performance Assessment (CAPA). Statewide data are rounded to the nearest percentage point. Detailed information regarding CST and CAPA results can be found at the CDE Web site at [star.cde.ca.gov](http://star.cde.ca.gov).

The following tables show the percentage of students achieving the Proficient or Advanced levels (meeting or exceeding state standards):

### California Physical Fitness Test Results (2007–08)

The California Physical Fitness Test is administered to students in Grades 5, 7, and 9 only. This table displays by grade level the percentage of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found at the CDE Web site at [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

Grade Level	Percentage of Students Meeting Fitness Standards

## ACCOUNTABILITY

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

### API Ranks—Three-Year Comparison

This table displays the school’s statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched “similar schools.” A similar-schools rank of 1 means that the school’s academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school’s academic performance is in the highest 10 percent of the 100 similar schools.

API Rank	2005–06	2006–07	2007–08
Statewide	2	2	3
Similar Schools	4	5	6

### API Changes by Student Group—Three-Year Comparison

This table displays by student group the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth). Note: a blank means that the student group is not numerically significant, “B” means the school did not have a valid 2008 API Base and will not have any growth or target information, and “C” means the school had significant demographic changes and will not have any growth or target information.

Group	Actual API Change			API Score
	2005–06	2006–07	2007–08	2007–08
All Students at the School	-1	31	15	683

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### AYP Overall and by Criteria (2007–08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	Yes
Participation Rate—English Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percentage Proficient—English Language Arts	No	Yes
Percentage Proficient—Mathematics	No	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

### Federal Intervention Program (2008–09)

Schools that receive Title I funding must enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

Indicator	School	District
Program Improvement Status	In PI	Not in PI
First Year of Program Improvement	2000-2001	—
Year in Program Improvement	Year 5	—
Number of Schools Currently in Program Improvement	—	55
Percentage of Schools Currently in Program Improvement	—	25.8

## INSTRUCTIONAL PLANNING AND SCHEDULING

### Professional Development

Through the district’s educational strategies, the Curriculum and Instruction Division has engaged teachers and administrators in ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history–social studies, visual and performing arts, physical education, health, educational technology, and gifted and talented education. Each year, principals identify a schoolwide professional development focus, as well as determine areas of individual need. Throughout the year, principals conduct large- and small-group staff conferences and coach teachers at the school site to improve instructional practice. Teachers in the district participated in a total of three mandatory staff development days in each of the last four school years. These days focused primarily on school-based professional learning in relation to the school’s needs.
